

## RESIDENTIAL TREATMENT (QUALIFIED RESIDENTIAL TREATMENT PROGRAM)

24/7 supervised therapeutic care for youth ages 12-17, with complex mental and behavioral health needs in state's custody. Our program specializes in treating youth with complex traumas including victims of human trafficking.

*Where: California campus*

## DAY TREATMENT

An embedded day treatment program provided to Middle and High School students in collaboration with the Gallatin County Renew Academy. Licensed therapists utilize evidenced based therapeutic practices, as well as an evidence-based curriculum to provide group therapy services Monday-Friday.

*Where: Renew Academy at Gallatin County High School*

## INDIVIDUAL/FAMILY THERAPY

Individual and family therapy services for children, teens, adults, and families who are struggling with mental health issues. Therapists are trained in EMDR, TF-CBT, and CBT approaches to create customized plans for each client.

*Where: Community, select KY schools, office, or via telehealth*

## TARGETED CASE MANAGEMENT

For children, teens, and adults with significant mental health needs, our Targeted Case Managers provide referral assistance, skill building, resource connection, and linkage to community supports. Targeted Case Management serves as a beneficial, supplemental service to aid in stabilizing mental health needs.

*Where: Community, KY schools, or home*

## SUPERVISED VISITATION

Program focuses on providing a safe space for visiting parties to interact and bond with their child(ren) or assist with exchange of children between parties. Families can receive supervised visitation or monitored exchange.

*Where: Highland Heights campus*

## DIAGNOSTIC EVALUATION

Clinical mental and behavioral health diagnostic evaluations completed using a clinical interview and tools to provide narrative information regarding findings as well as treatment recommendations.

*Where: In person or via telehealth*
